ADOPT A SENIOR

What is Project Adopt a Senior?

Project Adopt a Senior is a chance for the Misawa Air Base community to show support to individual members the Edgren 2023 graduating class as they finish their final year of high school and begin preparing for their future endeavors.

In the past two years, many schools across the United States have adopted this program with great success. It's fun and exciting for the seniors, and adoptive families have reported they have been the ones blessed in the process. Families and seniors often maintain their relationships after graduation and turn them into lifelong friendships.

What does an adoptive individual/family do?

The adoptive family will make a pledge to do something special throughout the year for "their" senior. This can be in the form of small gifts, notes, attending the senior's sporting or club events, awards ceremonies etc. It does not have to be expensive but rather something from the heart. The adoptive family will receive a school calendar with important dates pertaining to the school year and "their" individual senior.
